PARCEL FIELD SHEET / GUJARAT, INDIA

Rahtalav · Survey 305

Survey 305 is a residential land parcel in Rahtalav. The outlined field on page 6 is a useful starting point for discussing the boundary. The stated area is for the full survey parcel.

Whole-parcel area

29,514 sq yd. The cover pairs 29,514 yards with 265,626 feet. The 9:1 conversion identifies them as square yards and square feet.

Location and approach

Page 6 outlines the land on satellite imagery. Ask the seller to identify the approach and the legal entry point.

Permission checks

The brochure describes NA and NOC as clear. Copies of the underlying orders were not supplied.

Ask on the visit

Request the orders behind the brochure’s NA and NOC wording. Match the survey number, permitted use and area to the documents before considering a smaller portion.

Price, availability and dated possession terms: request a current written update from the seller.
